Subject: Salary update for residents and fellows

Dear all,

As you have likely heard, the UC Board of Regents yesterday declared an extreme financial emergency for UC and approved President Yudof's proposal on faculty and staff furloughs.

Under the plan approved by the Regents, residents and fellows will not be subject to the furlough or reductions in salary.

Nonetheless, these will continue to be challenging times for all. We will continue to do our very best to maintain and enhance our outstanding training programs.

Best,

Bobby Baron
