Subject: From Associate Dean, Bobby Baron: Housestaff Incentive Second Quarter Update
Date: Monday, January 05, 2009 10:13:11 AM

Dear all:

Although we do not yet have second quarter data on all three incentive goals, the data on goal number 2, 95% compliance with "MD orders have all required elements" is quite positive for September, October and November. Compliance for each month was 97%, 96%, and 98% respectively.

Many thanks to all for keeping up the great work and continuing to meet this year-long goal!

Bobby Baron
