From: UCSF-GME
Subject: From Associate Dean, Bobby Baron: Housestaff Salaries and Benefits Update
Date: Monday, March 16, 2009 4:36:34 PM

Dear Clinical Chairs, MSOs, Program Directors, and Program Coordinators,

As you know, we typcially do not receive definitive information about resident salaries and benefits until late in the spring. However, in an attempt to assist you in planning for academic year 2009-10, I wanted to let you know my best guesses for salaries and benefits for July.

Resident and Fellow Salaries, effective July 1, 2009. Note these have not been confirmed; this is for budget planning purposes only. (For fellows with ranges of salaries, these are the approximate minimum salary for each PGY year).

PGY1--$47,166
PGY2—$48,816
PGY3—$50,715
PGY4—$52,670
PGY5—$54,704
PGY6—$57,089
PGY7—$58,909
PGY8—$61,059

Housing Allowance

The current UCSF Medical Center-based housing allowance of $600 per month will increase by a percent equal to the increase in salaries. This is estimated to be an average increase of 3.3-3.5%. Thus, the monthly housing stipend will increase to approximately $620 per month. This allowance applies to all rotations except SFGH (see below).

Moving Allowance

No change is anticipated.

Health Benefits

We currently have no cost estimates for health benefits. Based on current market rates, however, these are likely to increase by 7-10%. We hope to have more information about this by mid-April.

SFGH Salaries and Benefits

The housestaff union at SFGH is currently re-negotiating their three year contract with the City and County of SF. This includes salaries, benefits, working conditions, etc. for the time that they work at SFGH. I am unable to make any predictions for these at this time.

I will continue to update you throughout the spring as I learn more about each of these important items.

Best,

Bobby Baron
